GSO FISHING

Premium Fishing Jigs

All of our jigs are hand poured, trimmed, and packaged. We spend countless hours designing each jig until we get it just right. We use only the best materials ensuring they hold up to all fishing conditions. They are guide approved and backed by decades of fishing experience and 20+ years of working in the fishing industry.

We've worked hard to make sure they have earned their title as Premium Fishing Jigs.

GSO FISHING PREMIUM JIGS

Gunnison, CO

Gunnison Sports Outfitters, LLC was established in 2006 with the goal to provide clients with a first class fishing experience. Along the way, our family of guides have developed unique lures and fishing techniques that have taken our clients' fishing adventures to higher levels. GSO Premium Jigs was born in 2019 as a way to help pass along our unique lures to all fishermen in hopes that they, too, will have a more enjoyable and successful fishing experience.

Each lure and jig is backed by 20+ years of experience in the fishing industry as well as guide tested and approved. Our jigs are handcrafted with the highest quality products right here in Gunnison, CO USA.

GSO Fishing Premium Jigs

We spend countless hours designing each jig until we get it just right.
We use only the best materials to ensure that they hold up to all fishing conditions.

GSO PREMIUM TUBE JIG – SHORT SHANK 60°

Product Description:

Sizes: 1/8 oz. 3/16 oz. 1/4 oz. 3/8 oz.

This head is designed as a casting head. The 60° line tie and tear drop head design keeps good bottom contact throughout the retrieve.

We wanted a jig head we could use with 2, 2 1/2, and 3 inch tube jigs in appropriate weights for almost any application and a good, stout hook that could hold up to anything we want to catch.

This head uses a 2/0 Gamakatsu jig hook. This is a round bend, medium wire hook. Our guides have tested this hook and have caught everything from 40 inch lake trout, Largemouth bass, and pike, down to river Brown trout and stocker Rainbows with fantastic results!

GSO PREMIUM TUBE JIG – STANDARD 60°

Product Description:

Sizes: 1/8 oz. 3/16 oz. 1/4 oz. 3/8 oz.

This head is designed as a casting head. The 60° line tie and teardrop head design keeps good bottom contact throughout the retrieve.

We wanted a jig head we could use with 3, 3 1/2, and 4-inch tube jigs in appropriate weights for almost any application and a good, easy penetrating hook that could hold up to anything we want to catch.

We chose a 3/0 Trokar light wire jig hook. This is a round bend, Light wire hook. The Trokar design is a three-sided, machined point that is surgically sharpened, creating a hook that requires less pressure to penetrate when setting the hook on a fish.

This is a great choice when you want a lighter wire hook when using standard size tubes.

GSO Fishing Premium Jigs

Our jigs are guide approved and backed by decades of fishing experience and 20+ years of working in the fishing industry.

Product Description:

Sizes: 1/8 oz. 1/4 oz. 3/8 oz.

This is our go-to head for vertical jigging standard size tube jigs, (2.5"-4") The traditional cylinder shape head design along with a 90° line tie, help hold the tube jig horizontal in the water column. We chose a size 3/0 Premium Gamakatsu medium wire jig hook with the Pro-V style bend to stand up to the toughest fish.

The Pro-V bend has a lot less flex compared to a traditional round bend hook, making it ideal for holding hard fighting, jumping, and pulling fish.

GSO PREMIUM TUBE JIG – HEAVY WIRE

Product Description:

Sizes: 1/4 oz. 3/8 oz. 1/2 oz. 3/4 oz.

This is our go-to head for vertically presenting large tubes (4"-6") for medium to large game fish. The traditional cylinder shape head design, along with a 90° line tie, helps hold the tube jig horizontal in the water column. We chose a size 5/0 Trokar Pro-V bend, triangle point, heavy wire jig hook. The Trokar design is a three-sided,

machined point that is surgically sharpened, creating a hook that requires less pressure to penetrate when setting the hook on a fish.

The Pro-V bend has a lot less flex compared to a traditional round bend hook, making it ideal for holding hard fighting, jumping, and pulling fish.

GSO FISHING PREMIUM JIGS

XL FOOTBALL HEAD

Product Description:

Colors: White, Brown, Green Pumpkin, Black

The 1/2oz football head, is a staple in every big fish hunter's tackle box. From bass to Lake trout to trophy Brown trout, this head can be used for a multitude of presentations and baits, from grubs to Gulp, swimbaits and custom bass jigs. The football head design makes it more resistant to hanging up in rocky structure and also gives the lure a unique walking motion.

Built on a Trokar 4/0 round bend heavy wire hook, the Trokar point penetrates with up to 50% less force, making deep water hook-ups more successful.

We've left the weed guard hole open and with the molded in collar, it can easily be built into your go-to bass jig. Just add a skirt of choice and glue in a weedguard.

FOOTBALL HEAD

Product Description: (3pk)

Sizes: 1/8 oz. 1/4 oz.

Colors:

Chartreuse

Green Pumpkin

White

Black

Brown

Orange

This is our most versatile head. It can be used for a multitude of presentations and baits, from grubs to Gulp to swimbaits. The football head design makes it more resistant to hanging up in rocky structures and also gives the lure a unique walking motion.

We use the Trokar Pro-V light wire hook which is the best jig hook on the market. The Trokar point penetrates with up to 50% less force and the pro-v bend is much stiffer than a traditional round bend.

GSO FISHING PREMIUM JIGS

TRG FIN CANDY

Colors: Black & Green, Fire Tiger, Monkey Snot, White Flash, Olive Flash, Pink Flash

Designed to be the ultimate live action bait, our TRG Fin Candy's plump body design secures firmly to your jig head and it's extra long tail flutters as it moves through the water. No matter if you are vertical jigging, casting and retrieving or dead sticking the TRG Fin Candy's natural bait fish look and movements entice even the pickiest of fish to strike.

NEW!! PILL HEADS

Product Description: (3pk)

Sizes: 1/16 oz. 1/8 oz. 3/16 oz.

Colors: Black, White Flash, Olive Flash, Green Flash, Orange Flash

(Not Pictured: Glow Series - Pink, Chartreuse, White, & Orange)

Our New Pill Head jigs feature Trokar Pro-V bend hooks, durable powder paint, and a sturdy bait keeper. They are the perfect easy-to-use jig head for pan fishing, ice fishing, casting & retrieving, and many other styles of fishing. This mini-pill head has been perfectly color matched with our Fin Candy but can be used with an unlimited amount of bait choices. From our Fin Candy and TG Grubs to twister tails, tubes, mealworms, and cut bait.

The Pro-V bend has a lot less flex compared to a traditional round bend hook, making it ideal for holding hard fighting and pulling fish.

TRG GRUBS

Colors: Glow Pink, Glow Chart., Glow White, Black w/ Chart. Flake, Pearl White, Glow Orange

Our TG Grubs were designed to withstand bites from fish but still have the flexibility to move naturally through the water. The natural action has proved irresistible to fish and the durability means you can use the same grub for multiple catches.

GSO FISHING PREMIUM JIGS

FOOTBALL HEAD FINESSE JIG

A GSO signature lure. Built from the ground up as a Trophy Fish bait. Each one is designed to perfectly match the hatch. We use silicone skirts to make up the body, giving the lure the best color combos and movement in the water. The heads are painted with high quality, chip resistant powder paint.

The Football head is used for jigs that are typically fished along the bottom. It is the perfect head design for navigating rocky structures and minimizing hang ups. A wire bait keeper is tied onto the hook shank to secure a trailer.

*These lures are designed to be used with a 2"-3" soft plastic trailer. There are many other options on the market that will work well with this ultimate jig package, but we highly recommend our TRG MudBugs.

Our MudBugs have been perfectly color matched to our Football Head Finesse jigs and we use durable plastics so you can get the most out of the product..

GSO FISHING PREMIUM JIGS

SWIM FINESSE JIG

A GSO signature lure and the ultimate multi-use jig!

Whether you are just starting out fishing with jigs or you're a pro, our Swim Finesse jigs are for you. With features like premium pro-v light wire hooks for easier hook sets, silicone skirts that mimic natural prey fish in the water, durable powder-painted heads, realistic eyes, and several match-the-hatch patterns.

It doesn't matter if you're practicing your cast and straight retrieve from the shoreline or trying out different jigging patterns from a watercraft, the swim jig's natural movements mimic baitfish perfectly. Brown Trout, Smallmouth Bass, Trophy Perch, Northern

Pike, Walleye, and many other species of fish can all be caught using this one style of lure.

Bassmaster style hook sets are no longer needed with the light wire, Pro-V bend hooks. A simple pressure hook set is all you need and is much easier on your back after a long day of high-action fishing.

So no matter where you fish, how you fish, your skill level, or what you are fishing for, the multi-use Swim Finesse jig is a must-have in every angler's tackle box.

TRG MUD BUGS

Product Description: (6pk)

Colors: Spring Craw, Magic Craw, Camo Craw, Bruised, Lucky, Fire Tiger

The TRG MudBugs are designed to be the perfect match for our Football Head Finesse Jigs (pg 8). The perfect trailer to match any crawfish, anywhere. Unique colors, realistic profile, and a subtle, lifelike action make this your go-to craw bait. They also work great as a stand-alone lure. Use them on a GSO Football Head or your favorite Ned Rig head, creating a killer Finesse lure for trout, bass, crappie, and much more.

Lucky

Fire Tiger

HD FOOTBALL HEAD FINESSE JIGS

The HD Finesse is the ultimate predator Finesse jig for fishing heavy cover such as weed beds, brush piles, and log jams. They feature beefier Gamakatsu hooks, a medium stiffness weedguard, and are hand tied. The Gamakatsu hooks and weed guard are perfect for pulling fighting fish out of heavy cover and the heavy fiber tie ensures that toothy predators won't untie your jig as you reel them in.

GSO FISHING PREMIUM JIGS

AGITATOR

Product Description:

(Not Pictured: Flash Series - Nova (Black w/Sparkle)

Sizes: 3/4 oz. 1 oz. 1-1/2 oz.

Our Agitators are handcrafted to be the most efficient deepwater jigs available. The slender, smooth body design reduces drag which allows it to go straight down and get deep fast. The paint we use GLOWS brightly and glows the same color you see in the light. (Orange glows orange, pink glows pink, etc.) To accent the glow paint, we've added large 3D holographic eyes for extra flash. Once the bite happens, the Trokar #5 round bend treble will penetrate easily and hold that fish all the way to the net. To ensure that no parts fail, each hook is attached using high quality split rings, which are proven to keep their form under heavy use and hard fighting fish.

NEW!! MEGA TUBE JIG HEADS

Product Description:

Sizes: 1.5 oz., 2 oz., 2.5 oz., 3 oz.

The Mega Tube is built for the biggest predators in the water. Many presentations can be made with this head, including jigging large Tora type tubes up to 8" long. This head uses an 8/0 Saltwater approved Premium Gamakatsu heavy wire hook. The slightly down turned point penetrates easily and will not flex or straighten out while fighting the largest fish that swim.
